Be as complete and accurate as possible. If two married people are filing together, both are equally responsible for being accurate. If more space is needed, attach a separate sheet to this form. Include the line number to which the additional information applies. On the top of any additional pages, write your name and case number (if known). If you believe that you are exempted from a presumption of abuse because you do not have primarily consumer debts or because of qualifying military service, complete and file *Statement of Exemption from Presumption of Abuse Under § 707(b)(2)* (Official Form 122A-1Supp) with this form.

#### Part 1: Calculate Your Current Monthly Income

- 1. What is your marital and filing status? Check one only.
  - □ Not married. Fill out Column A, lines 2-11.
  - Married and your spouse is filing with you. Fill out both Columns A and B, lines 2-11.
  - ☐ Married and your spouse is NOT filing with you. You and your spouse are:
  - Living in the same household and are not legally separated. Fill out both Columns A and B, lines 2-11.
  - □ Living separately or are legally separated. Fill out Column A, lines 2-11; do not fill out Column B. By checking this box, you declare under penalty of perjury that you and your spouse are legally separated under nonbankruptcy law that applies or that you and your spouse are living apart for reasons that do not include evading the Means Test requirements. 11 U.S.C § 707(b)(7)(B).

Fill in the average monthly income that you received from all sources, derived during the 6 full months before you file this bankruptcy case. 11 U.S.C. § 101(10A). For example, if you are filing on September 15, the 6-month period would be March 1 through August 31. If the amount of your monthly income varied during the 6 months, add the income for all 6 months and divide the total by 6. Fill in the result. Do not include any income amount more than once. For example, if both spouses own the same rental property, put the income from that property in one column only. If you have nothing to report for any line, write \$0 in the space.
